

FENTRESS COUNTY

Major Draws to the area:

- A. The horse back riding trails through the Big South Fork
- B. Sgt Alvin York
- C. The Hwy 127 Longest Yard Sale through 5 states. Fentress County started it and hosts the website and produces brochures and flyers for it. It is a huge deal and definitely put them on the map.
- D. Highland Winery – Noted as the oldest winery in Tennessee

1. Forbus General Store – Just an old general store which attracts people because it is one of the few stores in the northern part of the county. It is known for a game they play called Pig. People come and play tournaments. They also have a number of events at this site. **Still, I would rate it a 2 as far as tourism draw.**
2. Buck's Overnight Lodge - A nice place to stay on 300 acres.
3. Possum Trot Antiques & Gifts – Nothing fancy. Kind of a junk store in the middle of nowhere but it is a popular place to set up during the 127 Longest Yard Sale, an annual event which takes place each year.

5. Wolf River Valley Growers
170 Greenhouse Lane
Pall Mall, TN 38577 –
<http://www.wolfriver.net/>
The farm is open to the public and has regular set hours year-round. Appears to be more of a retail, whole sale nursery on a farm than a tourist attraction. Could have potential as an agritourism offering which the State of Tennessee is developing. **At this time I would rate it a 1 with the potential to become more.**
6. York Gravesite
Pall Mall, TN 38577
There is a sign directing visitors to the cemetery and there is a historical marker near the site. Would consider this just an extension to the State Historic Park but not an attraction in itself.

13. Pickett State Park
4605 Pickett Park Highway
Jamestown , TN 38556-4141
Situating in a remote section of the upper Cumberland Mountains, the 17,372-acre Pickett State Park and Forest possess a combination of scenic, botanical and geological wonders found nowhere else in Tennessee. Of particular interest are the uncommon rock formations, natural bridges, numerous caves and remains of ancient Indian occupation. Some say Pickett is second only to the Great Smoky Mountains in botanical diversity. Offers boating, cabins, camping, group cabins, fishing, six stalls for horses, picnic areas, swimming, designated hiking trails. Most roads through park are tour bus friendly. Rate it a 4.

17. Downtown Jamestown
Hwy 127 and Main
Jamestown, TN 38556
Wonderful uniform architecture using native rock. Potential to become a tourist attraction in itself but does not have enough now to draw visitors other than a number of restaurants, a couple of shops and lodging and a number of empty buildings. Walmart recently closed and moved a few miles away from the downtown area. Rate it a 2 with potential especially due to the fact that the buildings on and near the square seem to be in good condition.
18. Jamestown Square –
Jamestown, TN 38556

The 1.5 mile loop will take you behind the 60 foot high Northrup Falls. This is a short and easy walk to get to hiking trail. The trail is easily accessible and has a parking area. Would be something to include on a "Falls and Arches" Trail if one were ever developed for the area. **Rate it a 2 or 3.**
