

CHAPTER V:

ANALYSIS OF BACKBONE C “Fire Break Trail”

ANALYSIS OF BACKBONE C “Fire Break Trail” Connects State Park Trailhead to Elk View Trailhead

Note: A larger map is available at the end of this section.

Backbone C (Fire Break Trail) is a 5.9 mile linear trail that starts where Backbone B ends at the Activity Center near the entrance to Buckhorn Lake State Resort Park.

Serving as the State Park Trailhead for both Backbones A and B, the Activity Center building is in excellent condition and would be a great location to distribute maps, brochures, as well as a great staging area to set up guided trips and bicycle rentals.
